Hi /x/ i have a mystery for you.

Today I came across this book, "609 Pages of Horse Shit" by mistake. At first glance, it seems to be the ramblings of a crazy man, but on a deeper look, it reveals a lot of truths. Theories about the government, gangstalking, 5g, and the evils of psychiatry. There's even mentions of astral projection and meeting people through astral projection.

Mr Barry uses words such as 'normie' and 'plebian' which make me think he's one of us, but I can't find much information on him.

Here's what I have so far

609 Pages of Horse Shit book on Google Books

Another ebook, "I Fail At Life" full of random scanner photos of household images including batteries, a fleshlight, and tech pieces as well as different rantings

Archive.org profile full of posts by Scott A Barry [https://archive.org/details/@dominus-sathanas?and\[\]=creator%3A%22scott+a.+barry%22](https://archive.org/details/@dominus-sathanas?and[]=creator%3A%22scott+a.+barry%22)

And i just found this profile

<https://www.dailymotion.com/video/x6wkzz5>

It has him reading some papers that have the same writing as the ebooks

A website that looks like its got tons of links and ramblings

<https://flushyourmeds.my-free.website/>

And a soundcloud with audio recordings of ramblings about gang stalking

<https://soundcloud.com/scott-barry-553388643/sets/flushyourmeds>

I'll bump the thread with excerpts ive taken from the various books and profiles.

Any idea how to find more on this guy?

Image is taken from his book that has lots of scans

Through victory, my chains are broken.

it really does seem like the ramblings of a mad man, but at I at least agree with the fasting part. I simply ate less, and in less than a year I lost almost 45 pounds. I didn't do a weight cut, it's gone completely, gone for good.
